Hi James,

Thanks for reaching out. Here are some brief materials on the rulemaking I and others are working on:

- 1) Draft analytic blueprint – hoping to do early guidance in next few weeks.
 - a. A more specific listing of potential updates that the workgroup is tracking/considering
 - b. Desk statement announcing the rulemaking effort
- 2) Current rule schedule
- 3) Copy of the 404(g) regulations that we are updating
- 4) Copy of current ICR for these regulations (recently renewed by OMB but I'm awaiting publication in the FR.

Dolores Wesson will be our team member assisting you with this. She, like you, is new to the subject area so I'll be available to help with questions etc. Happy to set up (or you can set up) a 30-minute meeting to run through these materials and what we think the econ impacts are, or are not, likely to be.

Thanks again and I look forward to working with you. - Kathy

Good morning,

Julie has informed me that I am to help with the economics section of your Task Order. Please let me know when we can meet to discuss. If possible, could you please provide any information I can use to come up to speed?

Thanks, and I hope to hear from you soon.
